Adding primary and secondary references to an included study in RevMan.

Add Study to Included Studies by clicking on ‘Add Study’ in main review. Complete the New Study Wizard.
Right click on the study in the left-hand pane. Select ‘Edit reference’ from the drop down list.
Click 'This is the primary reference for the study', and enter the correct details.
To add a secondary reference, right click on the study in the left-hand pane, and select ‘Add reference’ from the drop down list.
Complete the New Reference Wizard.
Click ‘Finish’.
